

Finance Committee - At this time, our treasurer and finance chair are going over the 2018 financial records in several areas to be sure expense items are posted to correct categories. We want to be able to give the congregation a good idea of income and expenses for education, music, etc. The A Day of Fuel project has taken off and will continue. So far, \$465. There is some concern that we are not taking the "Plan" seriously enough. At the next church council meeting, we will be in a better place to answer that concern. There are several fundraisers coming up including butter braids and Saver's soft donations via Sandy Gallup. Sunday Luncheons are in the talking stage via Carol Robbins. At least one unit is raising their pledge by \$5 a week and it is the hope that we all will find a way to do that. We are God's hands and feet. May God's spirit fall afresh on us!! I am wondering if giving the congregation a report around the tenth of the month for previous month while we embark on this Plan would be a good idea.

Remember: The Plan that was voted on says, "All Committees Must Prioritize these goals above other work and FOCUS." It will be very interesting to see how this evolves. For instance, can we appeal to the parents of youth to consider making a weekly, monthly or annual donation if they are not doing so at present? Think about it.

Respectfully submitted, Judie Culy
