

Report of SPRC

9/29/19

Submitted by Sandy Gallup, SPRC Chair

SPRC met with District Superintendent David Calhoun on Sept. 11 to discuss recent events in our church such as members leaving and the dire straits of our finances.

In order to help Rockville in addressing our issues, Rev. Calhoun proposed that we have the services of two consultations, one to address our communications and congregational issues and one to provide advice on our finances. Further it was decided that these two consultations could be done by one person.

Our consultant will be Bonnie Madden. SPRC will be leading the venture and dealing with schedules for the process.

We are very grateful to our DS for offering this assistance and his generosity in offering to cover the costs of this consultation. SPRC will notify everyone when we have setup a schedule. I hope that everyone shares in the joy of this help and will make every effort to be available to talk with the consultant or meet with each other as needed.

Information on Bonnie Marden and her background will be shared in the meeting or can be found on the NEUMC website.
